EDUCATION

Santa Monica College | Santa Monica, CA

June 2026

AS-T in Mathematics, Pursuing transfer to a 4-year institution for Applied Mathematics | GPA: 3.8/4.0

- **Courses:** Data Structures in C++, C++ Programming, C Programming, Java Programming, Calculus 1-3, Differential Equations, Linear Algebra
- **Honors:** Dean's List

TECHNICAL SKILLS

Languages (ordered by proficiency): C++, C, Java, Python, HTML

Tools and Frameworks: Git, Adobe Photoshop and Illustrator, Microsoft Excel, Microsoft Office Suite, Google Workspace

RELEVANT EXPERIENCE

Santa Monica College | Santa Monica, CA

Sep. 2025 - Present

Supplemental Instruction Leader

- Selected to lead peer-to-peer instruction for a **100+** person Data Structures (C++) course.
- Host 2x weekly office hours to debug **C++** code and teach complex topics (e.g., pointers, recursion, OOP).
- Manage an online support forum and collaborate with the professor to ensure content alignment.

Obscura Design | Los Angeles, CA

Oct. 2020 - Present

Founder and Lead Graphic Designer

- Designed the complete user interface (**UI**) wireframe and final mock-up for a B2B SaaS company's website.
- Create and deliver digital marketing assets, product packaging, and visual ads for freelance clients.
- Commissioned for **dozens** of unique poster designs, managing client communication from concept to final delivery.

PROJECTS

Tic-Tac-Toe v2 | Personal Project

- Implemented an unbeatable AI opponent by designing and traversing a complete game tree using a vector of nodes in **C++**

Towers of Hanoi | Personal Project

- Implemented a **recursive solution in C++** to solve the classic Towers of Hanoi puzzle
- Created a graphic interface and prompted users to customize the puzzle

Tic-Tac-Toe | Personal Project

- Implemented a **heuristic approach in Python** to create an algorithm to play Tic-Tac-Toe against the user using a graphical library

Custom PC Builder | Personal Project

- Researched, sourced, and assembled multiple high-performance PCs from components, ensuring hardware compatibility and optimizing for performance.
- Installed and configured operating systems and drivers, troubleshooting all hardware/software conflicts.

LEADERSHIP EXPERIENCE

Futures in Tech at SMC | Santa Monica, CA

Aug. 2025 - Present

Co-Vice President

- Co-manage club operations, helping organize technical workshops and industry guest speaker events.

Fresh Brothers | Beverly Hills, CA

Jun. 2023 - Nov. 2024

Team Member

- Assisted in training new employees and resolving customer issues, demonstrating leadership in a fast-paced team environment.
